THUSPAPHA METHAKITTIPOB

UX/UI & Product Designer
Bangkok, Thailand
+66 83-514-5361 | thuspapha@gmail.com | Portfolio

A recent industrial design graduate passionate about UX/UI design, graphic design, and handcrafted creations. Eager to embrace new challenges, grow as a professional designer, and apply creativity to real design projects.

EDUCATION

Chulalongkorn University, Faculty of Architecture — Bangkok, Thailand
Bachelor of Industrial Design (B.I.D) — Graduated: 2026
- GPAX (8 semesters): 3.66 / 4.0 — First Class Honors
- Relevant Coursework: UX/UI Design, Product Design, Branding & Packaging Design, Design Research

Liceo Artistico Felice Casorati (AFS Exchange Student) — Novara, Italy
Academic Exchange Program — 2019

Maryvit School Pattaya — Pattaya, Thailand
High School Diploma, Math–Science Program — 2018 – 2021
- GPAX: 3.98 / 4.0

EXPERIENCE

AIS (Advanced Info Service), myAIS Digital Creative — Bangkok, Thailand
UX/UI Design Intern, Loyalty Team — May 2025 – Jul 2025
- Contributed to the design of loyalty program features within the myAIS digital ecosystem, supporting research, UX/UI design, and prototyping workflows for a large-scale consumer application

Kasikorn Business – Technology Group, w/ Chulalongkorn University — Bangkok, Thailand
UX/UI Design Program Participant, "CU Dormie" Project — Jan 2024 – May 2024
- Selected Project Experience:
  - CU Dormie – Room-Finding & Rental Platform
  - Researched student housing pain points within Chulalongkorn University and identified room-finding and roommate matching as key friction points in the CU NEX application
  - Collected and analyzed user data, then designed and usability-tested clickable prototypes to make roommate search more collaborative and less tedious, resulting in a completed feature proposal delivered to Kasikorn Business – Technology Group

Buddy Journey — "A Companion for Your Journey to a New City," — Bangkok, Thailand
Chulalongkorn University
Experience Designer, Senior Thesis Project — 2025 – 2026
- Designed an experience-design system across two touchpoints — a mobile app and a physical "Bonding Kit" — to help university students gradually build meaningful friendships in a new city
- Researched student social behavior and designed features that connect people with shared interests, activities that invite them to spend time together, and tools that make starting conversations easier
- Directed the end-to-end design process from research and concept through UI design and physical product design, ensuring the app and Bonding Kit worked together as one coherent experience

EXTRACURRICULAR ACTIVITIES

CU–TU Unity Football Match, Landmark Decoration Team — Bangkok, Thailand
Graphic & Event Designer — Jan 2024 – Mar 2024
- Designed a large-scale vinyl banner for the Supachalasai National Stadium facade and walkway signage, coordinating area survey and space planning with the event team
- Collaborated on the design and on-site installation of an interactive photo booth for event attendees
